

## *Put On The Shelf*

---

*Years ago they met  
Their friendship bloomed  
Other feelings were abandoned and  
Put on the shelf.*

*Nowdays she rarely visits the shelf,  
She rarely thinks of it,  
Going for years without  
The feelings peeping out.*

*She waits until the wonderings  
Affiliated with the shelf pass again  
So she can lock away  
And put on the shelf once more.*
