

## *Another Saturday Night*

---

*Another Saturday night  
And I'm bored shitless,  
Listening to music  
Cos it's always a cosy sanctuary.*

*Wishing I was out  
Drinking kahula,  
At some pub  
Waiting in anticipation for a favourite act.*

*I write this poem as I wonder,  
Will my Saturday nights ever be exciting,  
I think next year,  
Everything's next year!*
