

Moving On

*Can't wait to get rid of you,
Can't wait to be free,
To talk non-stop,
To write stories that have been inside for years.*

*Can't wait to feel not judged,
Can't wait to be worthy,
To have a career,
To write constantly.*

*But don't get me wrong,
I am truly grateful
For our fourteen year partnership,
Conquering so much together.*

It's just time to move on.
